## The Manifest - March 2024

---

**London Gatwick Airport** has opened a new taxiway which aims to reduce delays and go-arounds, whilst also helping to limit emissions and noise pollution.

The airport said that the Rapid Exit Taxiway (RET) enables arriving aircraft "to leave the main runway at a more optimal location after landing", and was utilised by 56% of arrivals within its first four days of operation.

---

### Meet the team -Neil

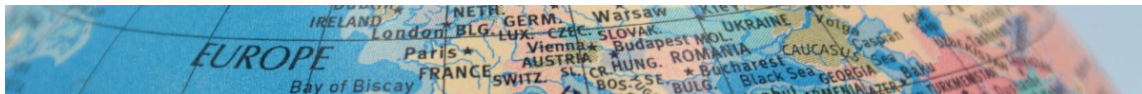

Neil has recently been appointed as our UK Reservations Supervisor, based in our Canterbury office. In this position, Neil will be working closely with all new staff members joining our reservation team, providing them with the essential skills and support needed to excel in their roles.

With a strong commercial and sales background in travel, Neil provides years of expertise gained from working in various sectors including airlines, business, leisure travel, and now the maritime industry. His diverse experience and in-depth knowledge make him an valuable asset in our team.

---

We will continue to be open **24/7/365** throughout the Easter Break. For any reservations please contact our team on [res@marine.travel](mailto:res@marine.travel)

---
