Meet the team - Sam

Sam joined Marine Travel in 2003 as part of the reservations team, and after a short break, returned to work in the business development department.

Sam oversees both new and existing customers. From the initial first contact through to the first booking, Sam is dedicated to being readily available to answer any questions and ensure a seamless booking experience.

With a wealth of experience in the travel sector, and a profound understanding of the unique demands faced by businesses in the marine and offshore industries, Sam is committed to encouraging strong, trusting relationships.

We're pleased to announce that we will be introducing a new traveller profile management system – Umbrella Faces. This software is designed to streamline our processes and enhance your experience. This innovative system will automatically synchronise traveller and company profiles, making it easier for us to manage information efficiently while prioritizing your data protection.

With this new software, you will have complete control over all your traveller data. You'll also have the option to enhance your traveller profiles by adding more details if you choose to do so.

In the coming weeks, we will send you login details and step-by-step instructions on how to navigate the system effectively. If you have any questions or need assistance at any point, please reach out to our dedicated tech team at Umbrellafaces@marine.travel
